

Martyn OBrien

INDEPENDENT CANDIDATE FOR CLACTON

Dear resident,

I am standing because Clacton deserves an MP who is present, accessible and focused on the area as a full-time responsibility.

I am not a career politician. I am a normal working person, a former long-term family carer and the founder of Mobility UK. My priorities include healthcare, housing, crime, jobs, transport, accessibility and practical support for local businesses and families.

I will hold regular local surgeries, publish clear information about my work and judge every proposal on what is best for the constituency rather than what a party headquarters demands.

Please compare all candidates and use your vote. On Thursday 13 August, look for Martyn OBrien, Independent, on the ballot paper.
